03 UNNATI 2024 - April 2026 amendment

Terms. Capital, interest and manufacturing-linked mechanisms remain subject to approval. No fresh application window is established at 1 November 2026.

Conditions. Clauses F and J replace health/eco tourism with cruise ship/houseboat services; IT/ITeS is restricted to data centres; add ropeways/amusement parks/rides; omit vocational/digital education, fintech/financial services, BPO and listed primary-healthcare/agriculture technology-oriented startup categories. Do not market these omitted categories as current UNNATI-eligible sectors. Clause G amends 8.10 to reference State Government schemes and expressly allows additional state top-up subject to disclosure of UNNATI benefits. Read with original 8.10; not blanket unlimited stacking. Clause E addresses same-GSTIN manufacturing expansion at another location within the same NE state and zone basis. Clause H addresses multiple GST registrations, ₹ 250 crore entity-in-state ceiling and 15% positive appraisal-value deviation subject to overall/budget limits. Amendment says effective from notification; reviewed text does not expressly resolve protection/transitional treatment of every earlier application/registration. Do not retrospectively deny vested earlier benefits. Review registration date, sanction and transition position individually.

Window / version. Clause C substitutes application deadline 30 September 2026. Clause D substitutes grant-of-registration deadline 31 March 2027. Grant deadline is not permission for fresh applications after application deadline. No fresh opening established as of 1 November 2026.

Evidence status. Applications closed 30 September 2026; 31 March 2027 is the registration-grant deadline, not a fresh application deadline.
