Abstract

Growth and Linkages in the Indian Food Processing Sector:

The Indian food-processing sector has witnessed remarkable growth, during the last 9 years ending 2023-24, Food Processing Industries sector has been growing at an Average Annual Growth Rate (AAGR) of around 6.55% as compared to around 6.06% in manufacturing at 2011-12 prices. The sector constituted as much as 7.93% share of FPI in the manufacturing sector in 2023-2024. The sector is one of the largest employment providers in the organized manufacturing sector with 12.91% employment in the total registered/organized sector. This highlights its competitiveness and capacity to cater to global markets.

India is the world's largest producer of milk, pulses and jute and ranks as the second largest producer of rice, wheat, sugarcane, groundnut, vegetables, fruit and cotton. It is also one of the leading producers of spices, fish, poultry, livestock and plantation crops. This abundant raw material base offers immense potential for value addition and export. Notably, India reported the processed food exports amounted to USD 10.09 billion in 2024-2025 with significant shares in processed vegetables and fruits, pulses, cereal preparations etc. Further, the sector has attracted 7.21 billion FDI inflow in the last one-decade ending 2024-25. Recognizing the sector's significance, the Ministry of Food Processing Industries has extended support and incentives for creation of modern infrastructure with efficient supply chain management, creation of employment opportunities, reducing post-harvest losses, increasing the processing level and enhancing export of processed foods.

Agricultural Strength and Economic Advantages of Manipur:

Manipur, a northeastern state characterized by lush hills and fertile valleys, recorded a Gross State Domestic Product (GSDP) of 4.83 billion in 2022-23. The GSDP has grown at a CAGR of about 8.5% between 2015-16 and 2023-24, supported by strong performance in agriculture and allied sectors[1]. The state enjoys comparatively low power tariffs for agriculture under the North Eastern power subsidy programs and abundant natural water resources, which, coupled with extensive watershed management under the Integrated Watershed Management Programme (IWMP), support robust farm activities. Although landlocked, Manipur's strategic location provides access to Southeast Asian markets via the India-Myanmar border trade at Moreh, facilitating future agro-trade prospects under the Act East Policy[2].

Manipur is home to numerous agro-processing initiatives, particularly in organic horticulture, spices, and indigenous food products. It holds the distinction of being a leading producer of organic pineapples and passion fruit. The state also cultivates significant quantities of ginger, turmeric, chili, and medicinal plants, aligned with its organic farming policy under the Mission Organic Value Chain Development for North Eastern Region (MOVCDNER).

1. Overview

Manipur is a northeastern State of India situated in the eastern Himalayan foothills. It is the 23rd largest state by area and ranks 24th in terms of population among Indian states, with a total population of approximately 3.02 million as per the Census 2011. The state shares its borders with Nagaland to the north, Mizoram to the south, and Assam to the west, while it has an international boundary with Myanmar (Burma) to the east, making it a vital gateway for India's Act East Policy[3]. Manipur is advancing on a path of sustainable and inclusive development, with policies that emphasize balanced growth across hill and valley regions. The state is endowed with favourable geographic diversity, rich forest cover (over 77% of its geographical area), fertile valleys, and extensive water resources, supporting agriculture, horticulture, and allied industries. Backed by its Organic Manipur Mission, Industrial and Investment Promotion Policy 2017, and infrastructural development through projects like the Asian Highway and Integrated Check Post at Moreh, Manipur fosters opportunities across agri-business, processing, handicrafts, and tourism, all underpinned by proactive government support[4].

Table 1: Manipur Overview

Particulars	**Details**
State Capital	Imphal
Geographic Area[5]	22,327 sq. km
Population (Census 2011)[6]	2.85 million
Total Road Length (March, 2020)[7]	32,694 km
Gross State Domestic Product (GSDP), 2022-23[8]	USD 4.83 billion
Airport	1 operational international airport: Imphal (Tulihal), with proposals for expansion at Moreh & Churachandpur
Rail network (2023-24)[9]	56 km
Industrial area[10]	No. of industrial parks: 5
Infrastructure[11]	1 Air cargo terminal 4 Railways Goods sheds 4500 MT Cold storage capacity
Installed power[12]	270.41 MW
Available land[13]	36.44 ha

2. Advantage Manipur

- Gateway to Southeast Asia, sharing a 398 km international border with Myanmar, and strategically positioned on the Asian Highway-1 & Trans-Asian Railway, enhancing trade under the Act East Policy[14].

- Extensive organic farming base, with over 77% of the geographical area under forest cover, promoting sustainable agriculture, organic pineapple, ginger, turmeric, and passion fruit cultivation[15].

- Certified under the Government of India's "Organic Manipur" program, with multiple clusters funded by MOVCDNER for organic certification, aggregators, and processing units[16].

- Ranked among the top northeastern states in per hectare productivity of rice and horticulture crops, with special focus on high-value crops for domestic & ASEAN markets[17].

- Hosts multiple agro-processing units & food parks supported by MOVCDNER and North Eastern Council (NEC) grants, focusing on pineapple, ginger, turmeric, black rice (Chak-Hao), and medicinal plants[18].

- Graded as a "Performer" in Export Preparedness Index (EPI) 2022 by NITI Aayog, with infrastructure upgrades under the Trilateral Highway and Moreh Integrated Check Post improving future export scores[19].

- Named "Aspirer" in the North Eastern region cluster for Logistics Ease Across Different States (LEADS) 2024, highlighting efficiency improvements in last-mile logistics and border trade facilitation[20].

- Recognized under State Energy Efficiency Index (SEEI) 2023 as progressing in institutional energy efficiency initiatives, supporting cold chains & food logistics[21].

- Facilitates investments through its Single Window Clearance platform under the Manipur Industrial Policy 2017, offering faster approvals for agri & food-based MSMEs[22].

- Proposed new industrial estates and Bamboo Parks in Imphal East, Churachandpur, and Ukhrul under NEC funding, supporting bamboo shoot & agarbatti processing, horticulture pack houses, and organic product clusters[23].

3. Local Food System

3.1 Indigenous Produce

Manipur, with its rich biodiversity and diverse natural resources, is a prominent agricultural state in the Northeast. The state's agriculture, horticulture, fisheries, and livestock sectors together contribute about 25% to its GSDP, providing direct employment to nearly 70% of its population.

Manipur benefits from sub-tropical climatic conditions, ample rainfall, and fertile alluvial soil, making it ideal for a wide range of crops. The state comprises 16 districts broadly grouped into valley districts (Imphal East, Imphal West, Thoubal, Bishnupur, Kakching) and hill districts (Ukhrul, Senapati, Churachandpur, Chandel, Tamenglong, etc.), and is divided into four agro-climatic zones based on altitude and rainfall[24]. The primary food crop in the state is rice (paddy), occupying over 90% of the total food grain area, while maize, pulses (particularly rajma, cowpea), and oilseeds (rapeseed, mustard) are key supplementary crops. Manipur is particularly renowned for its horticulture and niche crops:

- Pineapple (Queen variety), grown in large clusters in Imphal East and Thoubal
- Passion fruit, ginger, turmeric, chili, and medicinal herbs
- Black aromatic rice (Chak-Hao), recognized for its antioxidant-rich properties

Key Production Highlights

- Manipur is a leading organic pineapple producer in India, supported by MOVCDNER certified clusters in Imphal East and Thoubal[25].
- Recognized for high-quality ginger and turmeric**,** with key belts in Tamenglong, Churachandpur, and Ukhrul.
- Among the top northeastern states for passion fruit, large cardamom and chillies, driving niche horticulture.
- Manipur's specialty black rice (Chak-Hao, GI tagged) is increasingly processed for value-added products like organic rice flour, snack mixes, and nutraceutical blends.
- In addition, Manipur showcases its rich agricultural heritage with three food and allied geographical indication (GI) tags, notably Shaphee Lanphee (textiles tied to agri-community livelihoods), Chak-Hao (black rice), and Kachai Lemon[26].
- Manipur's favourable sub-tropical climatic and soil conditions make it a major agricultural zone within the northeast. The state offers significant opportunities in the food processing sector, across segments such as organic fruits & vegetables, spices, medicinal herbs, and specialty rice.

4. Production Clusters

The list below showcases the Production Clusters within Manipur, identified under the Organic Manipur Mission, state horticulture plans, and clusters supported under the Mission Organic Value Chain Development for North Eastern Region (MOVCDNER) for the period 2024-25[33].

Table 7: Manipur production clusters

Commodity/Produce	Identified Clusters
Paddy (Rice)	Imphal East, Imphal West, Thoubal, Bishnupur, Kakching
Maize & Coarse Cereals	Senapati, Ukhrul, Churachandpur, Kangpokpi
Pineapple	Imphal East (Andro, Thayong), Thoubal, Churachandpur, Tamenglong
Passion Fruit	Senapati, Ukhrul, Kangpokpi
Banana	Imphal East, Bishnupur, Thoubal, Kakching
Kachai Lemon (GI)	Ukhrul (Kachai, Phungcham, Marem)
Chilli	Thoubal, Chandel, Imphal East, Kakching
Ginger & Turmeric	Tamenglong, Ukhrul, Churachandpur, Chandel
Large Cardamom	Chandel, Senapati, Ukhrul
Black Rice (Chak-Hao, GI)	Imphal West, Imphal East, Bishnupur, Kakching
Pulses (Rajma, Cowpea, Beans)	Churachandpur, Kangpokpi, Senapati
Oilseeds (Mustard/Rapeseed)	Senapati, Imphal East, Ukhrul
Vegetables (Potato, Peas, Gourds, Okra)	Imphal Valley (Imphal East, Imphal West, Bishnupur, Thoubal, Kakching)
Fisheries & Aquaculture	Loktak Lake (Bishnupur), Thoubal, Imphal East & West
Milk & Dairy	Imphal West, Imphal East, Bishnupur, Thoubal
Medicinal & Aromatic Plants	Ukhrul, Chandel, Tamenglong, Senapati

5. Agricultural Marketing

Manipur's agricultural marketing ecosystem is primarily overseen by the Directorate of Horticulture & Soil Conservation and the Directorate of Agriculture Marketing under the Department of Agriculture Manipur. This institutional framework focuses on improving the efficiency of local mandis, strengthening market yards, and integrating tribal and hill area produce into organized marketing systems. The Directorate facilitates direct farmer linkages, supports exporters through market intelligence, and organizes awareness programs on grading, packaging, and organic certification.

Additionally, under centrally sponsored schemes like e-NAM and the Mission Organic Value Chain Development for North Eastern Region (MOVCDNER), Manipur has been steadily upgrading market infrastructure, pack houses, and processing units for its horticultural and organic products, to enhance competitiveness in domestic and ASEAN markets[34].

Table 8: Agricultural Markets in Manipur

S.No.	Particulars	Details
1.	Food Processing Units[35]	38
2.	Farmer Producer Organizations (FPOs)[36]	76
3.	Mandi / Regulated Markets	22 Primary Markets / Main Market Yards under State Agri Marketing

6. Potential Opportunities

Manipur offers substantial opportunities in the food processing sector, driven by its abundant organic resources, agro-climatic diversity, and strategic location as a gateway to Southeast Asia. Favorable policies under the Manipur Organic Mission, and dedicated industrial promotion schemes position the state as an emerging hub value-added food products[37]: -

6.1. Meat and Marine:

Manipur's integrated farming system with pond-based aquaculture, poultry clusters, and small-scale piggeries opens up opportunities for modern processing units[38].

- Ready-to-cook/Ready-to-eat (RTC/RTE) ethnic meat & fish products: pork stews, smoked fish (ngari, nga-ton), chicken samosas & cutlets.
- Frozen fish & freshwater shrimp products: particularly from Loktak lake basin.
- Canned, vacuum-packed and semi-dried fish & meat delicacies targeted at NE & ASEAN ethnic markets.
- Cold chain and hygienic slaughter units**:** aligned with consumer shift toward traceable, clean meat.

6.2. Fruits and Vegetables:

Manipur is a key organic fruit belt in the Northeast, noted for pineapple, passion fruit, citrus (kachai lemon), and assorted vegetables[39].

- **Fruit Juices & Functional Beverages:** scope for cold-pressed blends with pineapple, passion fruit, ginger & turmeric infusions.
- **Dehydrated Fruits & Solar-dried Chips:** pineapple, ginger slices, turmeric sticks, chili powder under MOVCDNER pack houses.
- **Freeze-dried vegetable snacks:** value from local beans, peas, gourds, carrots.
- **Jams, Jellies & Specialty Pickles:** pineapple jam, kachai lemon preserves, ginger-lime pickle.
- **IQF (Individual Quick Freezing) technology:** for diced pineapple & passion fruit pulp to serve bakery & dairy supply chains.
- **Organic spice powders & condiments:** ginger, turmeric, large cardamom.

6.3. Millets/Nutri-cereals/Superfoods:

Under the PMFME & MOVCDNER convergence, Manipur's small millet revival clusters offer unique processing avenues[40].

- RTE millet laddoo, cookies, snacks & energy bars from local kodo, foxtail & finger millets.
- RTC millet flour mixes, daliya, upma premixes, millet noodles.
- Gluten-free Chak-Hao (black rice) flours & flakes**:** meeting demand for specialty health food markets across metro cities.
- Blended millet-black rice breakfast cereals: targeting nutraceutical, diabetic & wellness segments.

[39] https://horticulture.mn.gov.in
[40] https://agriculturemanipur.nic.in

7. State Government Initiatives and Schemes

The Government of Manipur has implemented several initiatives to create an investor-friendly climate and drive industrial as well as food processing growth, aligning with the "Act East Policy" and organic agri-industrial expansion goals. Some of the key Ease of Doing Business (EoDB) and facilitation measures include:

- Single Window Clearance Portal[41]

A unified online platform under the Manipur Industrial Policy 2017, providing one-stop digital access for investors to obtain all state-related business approvals. It facilitates transparent, time-bound, and hassle-free processing of applications for establishing industrial, agro-processing, or food units.

- Manipur Industrial Land Pool [42]

A digital land facilitation system linked to NEC-funded industrial growth centres, agro & bamboo parks. While Manipur does not yet have a fully GIS-automated state portal, land details (size, existing infra, water/power availability) are maintained through state investment desk listings and Integrated Infrastructure Development Centres (IIDCs) at Takyelpat and Moreh.

- Central Industrial Land Bank Portal[43]

Through DPIIT's national GIS system, Manipur's industrial estates, border trade points (like ICP Moreh), and NEC-supported clusters are mapped, offering investors plot-level information on land availability, connectivity, and nearby logistics.

- Manipur Industrial and Investment Policy 2017[44]

Focuses on balanced, inclusive growth with thrust on organic agri-industries, bamboo processing, handloom & handicraft clusters, and border trade logistics. It offers capital investment support, interest subsidies, tax exemptions, and stamp duty rebates to promote MSMEs and agri-processing enterprises.

Manipur thus provides a supportive ecosystem for setting up food processing, horticulture, fisheries, and bamboo-based units, backed by state and NEC infrastructure grants, skilled traditional workforce, organic raw material base, and trade route connectivity to Myanmar and ASEAN.

[41] https://manipur.gov.in/
[42] Ibid
[43] https://ncog.gov.in
[44] https://manipur.gov.in/

Key incentives under this framework include capital subsidies on plant & machinery, working capital interest reimbursement, electricity duty exemptions, and tailored support for women/tribal/organic processing clusters[45].

Table 9: Key Initiatives

Key Initiatives	**Manipur Industrial & Food Processing Incentives (MIIPP 2017 & NEIDS)**
Capital Investment subsidy	o State + central combined support under MIIPP 2017 + NEIDS 2017: o 30% State subsidy on eligible plant & machinery cost for micro/small/medium units. o Additional 30% Central subsidy under NEIDS. o SC/ST/Women/Tribal: Preferential seed capital and top-up grants under DIC/PMFME.
Exemption from charges	o 100% reimbursement of power duty for 7 years. o 100% exemption on Entry Tax/Octroi for 5 years. o Up to 5 years coverage depending on scale & location (industrial park, border hub, organic cluster).
Conversion of land use	Stamp duty exemptions + land conversion fee rebates for agro, bamboo, horticulture processing units in notified industrial zones and IIDs (Takyelpat, Moreh).
External Development Charges	50% reimbursement on external infrastructure development costs (power lines, approach roads, water) for food & bamboo processing clusters.
Stamp Duty	100% reimbursement on stamp duty & registration fees on purchase/lease of land for setting up food/agro-based units.
SGST Reimbursement for MSME (for a period of 5 years)	o 100% net SGST reimbursement for micro & small enterprises under both MIIPP 2017 & NEIDS. o Applicable to all new units including food processing, bamboo, handloom clusters.
SGST Reimbursement for Medium/Large Enterprises (for a period of 5 years)	o 75% reimbursement for medium enterprises. o 50% reimbursement for large enterprises. o Additional top-up for projects generating >50% local employment.
Tax-related incentives	o 100% income tax reimbursement for first 5 years under NEIDS. o 80% Entry Tax/SGST reimbursement for all new micro & small units. o 100% reimbursement of electricity duty on power consumption for up to 7 years. o Grants for ISO/HACCP/organic certification upto Rs5 lakhs

8. Regulatory Framework: Registration / NoCs / Licenses

The table below represents the indicative information regarding Regulatory Mechanism available in the State of Manipur.

8.1 For starting operations

Table 11: Regulatory mechanism for starting operations

S.No.	Name of Service	Authority/ Agency/ Office/ Department officer granting approval
1	Registration under FSSAI Act, 2006 & Food Safety Regulations	FSSAI License & Registration through State Food Safety Commissioner, Dept. of Health Manipur
2	License under FSSAI Act, 2006 & Food Safety Regulations	FSSAI State Unit, Health & Family Welfare Dept. Manipur
3	Registration under GST (Manipur Goods and Services Tax Rules, 2017)	Commercial Taxes Department under Finance Department Manipur
4	Approval from Electrical Inspectorate for electrical installations	Chief Electrical Inspectorate, Department of Power MSPCL
5	Registration of Shops & Establishments	Department of Labour & Employment, Govt. of Manipur
6	Occupancy / Fire Safety certificate	Manipur Fire Service, Home Department
7	Boiler Registration	Inspector of Boilers, Labour & Employment Department Manipur
8	Registration of establishments deploying contract labour	Labour Commissioner, Department of Labour & Employment Manipur
9	Consent for Operation / Authorization for:	Manipur Pollution Control Board (MPCB), Environment & Forest Department (https://mpcbmanipur.nic.in)
	a) Green Category	
	b) Orange Category	
	c) Red Category	
	d) Units handling hazardous wastes	

8.2 For setting up of business

Table 12: Regulatory mechanism for setting up business

S.No.	Name of Service	Authority/ Agency/ Office/Department officer granting approval
1	Power Feasibility Certificate & Sanction of Power Connection	MSPDCL / MSPCL (Manipur State Power Distribution Company Ltd.)
2	Electrical Inspectorate statutory approval for drawings	Chief Electrical Inspectorate, Department of Power, Manipur
3	Building / Site Permission / License from Municipality / Urban Local Bodies	Directorate of Municipal Administration, Housing & Urban Development Dept. Manipur
4	Building / Site Permission from Gram Panchayat	Department of Panchayati Raj & Rural Development, Manipur
5	Approval for water supply from ULBs / MAHUD for water connection	Directorate of Municipal Administration (MAHUD) Manipur
6	Permission to draw water from rivers / public tanks & to dig wells	Department of Irrigation & Flood Control (also manages ground water extraction norms)
7	Factory Plan Approval	Directorate of Factories, Department of Labour & Employment Manipur
8	Fire-No Objection Certificate	Manipur Fire Service, Home Department
9	Consent for Establishment:	Manipur Pollution Control Board (MPCB)
	a) Green Category	
	b) Orange Category	
	c) Red Category	
10	Approval of change of land use for Industrial purpose	Revenue Department & Directorate of Settlement & Land Records Manipur
11	Registration of Partnership Firms	Registrar under Department of Registration & Stamps, Revenue Department, Manipur

9. Major Players in Food Processing and Allied Sectors

9.1 Beneficiaries under PMKSY scheme of MOFPI, Government of India[47]

Table 13: Details of operations projects under Integrated Cold Chain & Value Addition Infrastructure
