Abstract

Growth and Linkages in the Indian Food Processing Sector:

The Indian food-processing sector has witnessed remarkable growth, during the last 9 years ending 2023-24, Food Processing Industries sector has been growing at an Average Annual Growth Rate (AAGR) of around 6.55% as compared to around 6.06% in manufacturing at 2011-12 prices. The sector constituted as much as 7.93% share of FPI in the manufacturing sector in 2023-2024. The sector is one of the largest employment providers in the organized manufacturing sector with 12.91% employment in the total registered/organized sector. This highlights its competitiveness and capacity to cater to global markets.

India is the world's largest producer of milk, pulses and jute and ranks as the second largest producer of rice, wheat, sugarcane, groundnut, vegetables, fruit and cotton. It is also one of the leading producers of spices, fish, poultry, livestock and plantation crops. This abundant raw material base offers immense potential for value addition and export. Notably, India reported the processed food exports amounted to USD 10.09 billion in 2024-2025 with significant shares in processed vegetables and fruits, pulses, cereal preparations etc. Further, the sector has attracted 7.21 billion FDI inflow in the last one-decade ending 2024-25. Recognizing the sector's significance, the Ministry of Food Processing Industries has extended support and incentives for creation of modern infrastructure with efficient supply chain management, creation of employment opportunities, reducing post-harvest losses, increasing the processing level and enhancing export of processed foods.

Agricultural Strength and Economic Advantages of Assam:

Assam has a robust agricultural sector, with 69% of entire workforce involved in agricultural pursuits, significantly higher than the national average of 54.6%. It has a significant Gross State Domestic Product (GSDP) of USD 69.39 billion. Assam has dedicated tea parks, food processing parks, and four oil refineries. Key sectors include food processing and the bamboo industry.

Assam presents a range of opportunities in the food processing sector, including ready-to-eat products, processed spices, and ready-to-drink beverages such as coffee and tea. Assam also takes pride in having the prestigious Geographical Indication (GI) tag for 'Assam Orthodox Tea'. Assam's food processing industry has ample resources to tap into as it boasts a diverse range of agricultural and horticultural crops. The Ministry of Food Processing Industries has approved multiple units in Assam under the Pradhan Mantri - Kisan Sampada Yojana scheme. The state has also received investments under the Production Linked Incentive Scheme. The food processing sector in Assam offers abundant growth opportunities, covering fruits, vegetables, beverages, and ready-to-eat products.

1. Overview

Assam, the primary entrance to Northeast India, sharing borders with seven regions, namely Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Tripura, and West Bengal, as well as two neighbouring countries, Bangladesh, and Bhutan.

The region is abundantly blessed by nature, with the mighty Brahmaputra River flowing through its center, the Barak River in the south, and its tributaries offering plentiful water resources. The dense forest cover is home to a diverse range of bamboo, and medicinal plants. The fertile valleys and hilly slopes support the cultivation of tea gardens, horticultural crops, and essential food grains. With 69% of Assam's entire workforce engaged in agricultural pursuits, significantly higher than the national average of 54.6%.[1]

2. Advantage Assam

- Ranked #1 in NITI Aayog's Export Preparedness Index for North-East Region.[10]
- Dominates the "Overall logistics services" category in the Achievers segment for the North-East Region.[11]
- Graded as Achiever under north-east states category, as per DPIIT's LEADS 2024.
- Digboi houses India's oldest functioning oil refinery.[12]
- Dedicated Tea Park, Food Processing Park, and Four Oil Refineries.
- 24-hour night navigation facilities, implemented by the Inland Waterways Authority of India.[13]
- 15 National Waterways- 10% of cumulative navigable length in India.
- The Guwahati Tea Auction Centre (GTAC) is among the largest CTC (cut, tear, curl) tea auction centers in the world.[14]
- Leading producer of petroleum, natural gas in India.
- Key Sectors - Food Processing and Bamboo Sector.
- Ranked 2nd in pineapple production in the country.[15]
- Largest producer of bananas in North-eastern region.

3. Local Food System

3.1 Indigenous Produce

Agriculture dominates the land usage in Assam, covering approximately 54.11% of the state's total geographical area. Around 80%[16] of the population relies on agriculture for their livelihoods, and six different agro-climatic zones facilitate year-round cultivation of diverse crops, vegetables, and fruits. Assam possesses a net sown area of 27.44 lakh hectares and a gross sown area of 40.34 lakh hectares, dedicated to agricultural activities.[17]

The state actively engages in organic farming, experiencing significant growth in this sector, leading to increased demand for organic products abroad. Assam exported agricultural products worth around Rs 4,000 crore-tea worth Rs 2,200 crore and other agricultural products worth Rs 1,800 crore-in the financial year 2022-23.[18]

According to APEDA, Assam has witnessed a remarkable 85% surge in exports over the past six years.[19] The state's export commodities include bhoot jalakia, pumpkin, jackfruit, litchi, pineapple, ginger, turmeric, joha rice, black rice, red rice, and more.

The state has received **Geographical Indicator (GI) Tags[20]**:

Assam Orthodox	Assam Karbi Anglong Ginger
Tezpur Litchi	Joha Rice of Assam
Boka Chaul (Rice)	Kaji Nemu (Lemon)
Chokuwa Rice of Assam	Bodo Keradapini
Bodo Gongar Dunija	Bodo Khardwi
Bodo Narzi	Bodo Napham-Fermented Fish
Bodo Ondla	Bodo Gwkha-Gwkhwi.

3.2 Key Production Highlights

- Agricultural crops comprise rice, wheat, barley, maize, oats, millets, pulses, oilseeds, palm seeds, sugarcane, and allied fibre.[21]
- Horticultural crops encompass a variety of fruits like banana, pineapple, papaya, assam lemon, orange, guava, litchi, jack fruit, and mango, as well as vegetables, potatoes, tuber crops, mushrooms, ornamental plants, medicinal and aromatic plants, spices, condiments, and plantation crops.
- Contributes over 50% of India's total tea production[22]. 'Assam Tea' has a Geographical Indication (GI) which is known as 'Assam Orthodox Tea'.[23]

Among Indian states, Assam is[24]:

- 2nd largest producer of pineapple
- 4th in ginger, coriander and jackfruit production
- 5th in radish and cabbage production
- 6th in Litchi production

4. Production Clusters

The list below showcases the Production Clusters within the state under the Pradhan Mantri Formalisation of Micro Food Processing Enterprises Scheme (PMFME):[31]

Table 7: Assam Production Clusters

S. No.	District	Product
1.	Baksa	Honey
2.	Barpeta	Milk based products
3.	Biswanath Charali	Potato based products
4.	Bongaigaon	Turmeric
5.	Cachar	Pineapple based Products
6.	Charaideo	Rice (soft rice) based products
7.	Chirang	Lemon based Products
8.	Darrang	Mustard Products
9.	Dhemaji	Mustard Products
10.	Dhubri	Chilli based Products
11.	Dibrugarh	Mustard Products
12.	Dima Hasao	Ginger based Products
13.	Goalpara	Banana based Products
14.	Golaghat	Black Rice based products
15.	Hailakandi	Arecanut
16.	Hojai	Sugarcane based products (Jaggery etc.)
17.	Jorhat	Chilli based Products
18.	Kamrup (R)	Banana based Products
19.	Kamrup (M)	Pickles
20.	Karbi-Anglong	Ginger based Products
21.	Karimganj	Arecanut/ Betelnut
22.	Kokrajhar	Mushroom
23.	Lakhimpur	Piggery (smoked meat)
24.	Majuli	Mustard based products
25.	Morigaon	Groundnut Products
26.	Nagaon	Pickles
27.	Nalbari	Rice (Soft and Sticky rice) based products
28.	Sivasagar	Rice (Red rice) based products
29.	Sonitpur	Jackfruit based Products
30.	South Salmara	Cashewnut based products
31.	Tinsukia	Citrus Products
32.	Udalguri	Potato based Products
33.	West Karbi-Anglong	Ginger based Products

5. Agricultural Marketing

The main objective of the Assam State Agricultural Marketing Board is to streamline the activities of market committees for market and market area development. Moreover, the board is entrusted with the task of strategising the growth of agricultural products and markets at the state level.

Table 8: Agricultural Markets in Assam

S. No.	Particulars	Details
1.	Food Processing Industries[32]	1750
2.	Farmer Producer Organisations (FPOs) [33]	175
3.	Agricultural Markets[34]	83
4.	Regulated Market Committees[35]	24
6.	Registered Growers' societies[36]	778
7.	Principal Market yards[37]	20
8.	e-NAM Mandis[38]	3

6. Potential Opportunities

The state's economy relies heavily on agriculture and allied activities. There is significant potential for rapid growth in the food processing sector, driven by increasing demand for processed food. Considering the state's profile and geographical conditions, the food processing industry emerges as a promising sector.

Assam's humid–tropical valley and hill systems support 3.2 million tonnes of fruits and 5.9 million tonnes of vegetables annually where banana, pineapple, citrus, jackfruit and ginger are volume leaders[39]. In the 2023-24 state economic survey, Assam lists banana and pineapple as the state's two largest fruit crops.[40]

Assam's vision document emphasizes on increase in pulse (dal) processing plants through post-harvest management and storage sheds.[41] The vision places focus on primary processing units and their expansion for export opportunities and employment. Agro-processing activities for perishable produce is also encouraged for establishment of small-scale units (SSI) keeping export promotion in view.[42]

6.1 Pineapple processing

Processing pineapples into products such as pulp, juice, beverages, jam, confectionery jelly, canned in syrup, fruit roll/leather, breaded, dehydrated candied, pickle, sauce, fruit fillings and powder can be explored. The versatility of this fruit can be used in processing various food products of commercial value, such as canned, frozen, and dried pineapple. Pineapple's neutral colour and flavour can be used as a basis for other fruit concentrates. Waste from Pineapples can be converted into value-added products such as nanocrystals, bromelain enzymes, bioactive compounds, wine, and more.

6.2 Beverages/Assamese tea

Assam, possesses considerable potential in the tea industry. It holds a Geographical Indication (GI) status, recognizing its unique origin and exceptional quality. Additionally, Assam serves as one of the largest hubs for CTC (cut, tear, curl) tea auctions worldwide. The region offers numerous opportunities for packing, processing, and manufacturing a wide range of tea-based products. Diverse Range of Packed Beverages: Tea, as a packed beverage, offers a wide range of products to cater to different consumer preferences, like:

6.2.1 Potential for Tea Blending and Packaging Plants

- Ample potential to set up tea blending and packaging plants in Assam, targeting a wide range of consumer tastes. This involves:
- Developing distinctive tea blends that appeal to different preferences.
- Elegantly packaging the teas for an attractive presentation.
- Targeting both domestic and foreign markets to expand reach and growth.

6.2.2 High-Quality Organic Tea Production

- With increased demand for specialty teas and herbal infusions, Assam has the potential to produce high-quality organic teas. Tea estates in Assam can tap into the niche market of organic and specialty teas by adopting sustainable and ecologically friendly practices.

[39] https://des.assam.gov.in/sites/default/files/swf_utility_folder/departments/ecostat_medhassu_in_oid_3/this_comm/es_2023-24.pdf?utm_

[40] ibid

[41] https://diragri.assam.gov.in/sites/default/files/swf_utility_folder/departments/diragri_medhassu_in_oid_4/menu/information_and_services/AGRI%20VISION%202025.pdf?utm_

[42] ibid

- Assam's tea industry stands poised for growth, leveraging its GI status, diverse packed beverage offerings, tea blending and packaging potential, and the demand for high-quality organic tea.

6.3 RTE/RTC fruits & vegetables

Diverse range of horticultural produce, including fruits like Banana, Pineapple, papaya, Assam lemon, Orange, Guava, Litchi, Jackfruit, and Mango, along with vegetables, potatoes, tuber crops, and mushrooms. This presents an opportunity to focus on packed and ready-to-eat processing.

6.4 Processing Fruits

Fruits can be processed into a range of products, such as jams, jellies, drinks, concentrated and dried fruits, and packed food items. Banana can be processed into Vacuum-fried chips, flour for gluten-free bakery mixes, pectin extraction from peels Citrus fruits can be used for RTD lemonade, essential-oil distillation (d-limonene), gin flavouring concentrate. Assam has received a GI tag for Kaji Nimu Lemon.
Incorporating different fruits into processed foods provides a healthier alternative to ingredients with higher calorie density.

6.5 Utilising Fruit By-Products

By-products of fruits, particularly peels, pulp, and seeds, are rich in bioactive compound can be utilized as value-added supplements for foods, offering benefits like dietary fiber and antioxidants. Bakery products can benefit from incorporating fruit by-products to enhance their nutritional profile.

6.6 Rice

Assam harvested 4.38 million tonnes of paddy in 2021-22; the Economic Survey, Assam 2023-24 reports a 37.9 % jump in 2022-23 after large-scale seed replacement and flood-tolerant varieties.[43] Assam's Agri-Vision 2025 sets a 10 MT rice production target for the future.[44] Processing opportunities:

- Par-boiled & Fortified rice
- Specialty packed rice (Joha, Bao, Bora)
- Rice Bran Oil (RBO)
- Defatted Bran and Broken Rice
- Husk & straw Bio energy
- Ready-to-eat (RTE) & rice-based snacks/noodles/energy bars
- Ethanol & craft beverages

6.7 Bamboo

In Assam, bamboo shoot processing primarily involves preparing them for consumption through methods like fermentation, pickling, and drying. Fermented bamboo shoots, known as "khorisa," are a staple in Assamese cuisine and are often used as a main ingredient in various dishes like meat, fish, and pickles.

Various processing opportunities include canned young bamboo shoots, fermented khorisa, freeze dried shoot crisps, bamboo vinegar and shoot fibre.

7. State Government Initiatives and Schemes

- **Assam EODB (Ease of Doing Business) Portal**
  The Single Window Clearance System Portal functions as a user-friendly platform for investors, providing a simplified process. It serves as a comprehensive hub of information regarding Government policies, incentive schemes, and existing infrastructure, catering to potential investors. The portal offers in-depth manuals to guide investors through the application process for their proposed projects. Additionally, it facilitates online processing and approval of investor applications by the relevant departments. The objective is to establish a centralized repository for sector-specific investments and Government policies while ensuring efficient and prompt services for investors. (eodb.assam.gov.in)

- **State Industrial Land Bank**
  A GIS system is created to display if there is land and infrastructure available for businesses. The system has information related to government owned factories and offices, and shows how much the land costs, how easy it is to get there, and what utilities (like electricity and water) are available. (aidcltd.assam.gov.in/information-services/our-land-bank)

- **Central Industrial Land Bank Portal**
  Industrial parks serve as a one-stop repository of all infrastructure-related information, such as connectivity, infra, natural resources and terrain, plot-level information on vacant plots, and contact details. (iis.ncog.gov.in/parks/login1)

- **Assam Industrial Land Management Policy, 2021**
  Aims to establish a structured and streamlined approach for the allocation of land. This land can be made available to the Corporation by the Government of Assam or directly purchased from landholders. It can also be acquired through the Land Acquisition Act, 1894, or any other means. The purpose of this policy is to support industrial development in Assam and other locations.

- **Prime Minister's Development Initiative for North-East Region (PM-DevINE)**
  Aims to accelerate and comprehensively develop the North-East Region by funding infrastructure and social development projects according to the states' identified needs. It seeks to address gaps in different sectors without replacing existing Central and State Schemes. The PMDevINE Scheme is aimed at rapid and holistic development of the North-East Region by funding infrastructure and social development projects, based on the felt needs of the states. It will strive to fill the gaps in various sectors and will not be a substitute for existing Central and State Schemes.

- **Mission Organic Value-chain Development for NER (MOVCD-NER)**
  The Mission aims to build organic value chains, empower farmers and enable market access in the northeast region. The Union Ministry of Agriculture has earmarked Rs 37.18 crore for Assam in FY 2023-24, rising to Rs 40.63 crore in FY 2024-25, reflecting the state's status as the third-largest fund recipient in the North-East. The Directorate of Horticulture & Food Processing notes that the cluster model has already mobilised local FPOs to aggregate organic paddy and spice consignments for mainland buyers, while

phased incentives for integrated pack-houses and refrigerated transport are expected to deepen the supply chain over 2025-27.

Table 9: Districts in Assam under MOVCDNER[45]

Source: Agriculture - About MOM[46]

- **Industrial & Investment Policy of Assam (IIP) 2019**
  Food processing and cold-chain are listed as first-rank "thrust-area" industries**,** which guarantees eligibility for the deepest fiscal incentives.

  Key incentives include: 100 % SGST reimbursement for up to 15 years (ceiling: 200–250 % of fixed-capital investment for units in designated Food Parks); Rs 2 per-unit power rebate for five years (max Rs 50 lakh p.a.); 50 % subsidy on generator sets (cap Rs 20 lakh); and 75 % reimbursement of certification costs (FSSAI/BIS/ISO, cap Rs 10 lakh).

[45] https://movcd.dac.gov.in/home
[46] Agriculture - About MOM

- **Chief Minister's Atmanirbhar Asom Abhijan 2.0**
  The policy provides 10 % sectoral earmark for food-processing & allied value chains, downloadable DPR templates for honey, dairy, fruit dehydration, mini-rice mills, etc.

- **Advantage Assam 2.0 (Investment Facilitation, 2025-29)**
  While not a subsidy scheme, Advantage Assam 2.0 is the state's structured MoU platform; it delivers regulatory fast-tracking and land-bank allocation**.**

- **Logistics & Warehousing Policy 2022**
  The Assam Logistics & Warehousing Policy 2022 treats cold-chain as priority infrastructure and aligns all private warehousing incentives to ODOP commodity maps, e.g., banana, rice etc.

Key incentives introduced by State Government of Assam for the industries including food processing industry under its major policies are summarised in the table below:

Table 11: Key Incentives

<table>
<tr><th>Key Initiatives</th><th>Industrial and Investment Policy of Assam (Amendment) 2023</th></tr>
<tr><td>Interest Subsidy</td><td>2% on the outstanding working capital loan for 5 years, subject to a ceiling of Rs 50 lakh (Fifty lakhs), not exceeding 100% of investment in plant and machinery</td></tr>
<tr><td>Power/Electricity Subsidy</td><td>Manufacturing and specified service sector units can receive power subsidy reimbursement at a rate of Rs 2.00 per unit consumed for 5 years from the start of commercial production. The maximum subsidy per annum is Rs 50 lakh or 100% of the total investment in plant and machinery, whichever is lower.</td></tr>
<tr><td>VAT/CST/SGST/TAX Exemption/ Reimbursement</td><td>
<table>
<tr><td>Category</td><td>Limited Tax Reimbursement</td></tr>
<tr><td>Micro Enterprises</td><td>15 years subject to a maximum of 200% of Fixed Capital Investment and 250% for units in parks</td></tr>
<tr><td>Small Enterprises</td><td>15 years subject to a maximum of 150% of Fixed Capital Investment and 180% for units in parks</td></tr>
<tr><td>Medium & Large Enterprises</td><td>15 years subject to a maximum of 150% Enterprises of Fixed capital Investment and 150% for units in parks</td></tr>
</table>
</td></tr>
<tr><td>Technology Transfer and Quality Certification, ZED Certification</td><td>The fee payable for obtaining BIS/ISO/FSSAI/AGMARK/HALLMARK/SILK MARK/ZED Certification etc. and fee payable for technical knowhow/ Technology transfer from any recognised national /international research laboratories/ Technical Institutes/Universities, Institutions like CFTRI, CIPET, etc. by eligible unit, will be provided subsidy up to the extent of 75%, subject to a ceiling of Rs 1 crore per unit.</td></tr>
</table>

Key Initiatives	Industrial and Investment Policy of Assam (Amendment) 2023
Incentives to Private Sector Infrastructure developer	% subsidy, excluding the value of land, subject to a ceiling of Rs 3 Crore to encourage the private investors in the creation of industrial infrastructure where the land area is not below 30 acres. The amount shall be released to the developer only after the completion of the project with 30% occupancy of the Industrial Park.
Customised Incentives for Mega Projects	Minimum investment of Rs 100 Crore and 200 numbers of permanent employees are eligible.
